Asset Management Policy

IT Infrastructure & Enterprise Security • Operational Policy

POLICY ID	EFFECTIVE DATE	SCOPE	OWNER
POL-AST-2026	**January 1, 2026**	**Hardware & Data**	**IT & Security**

1. OBJECTIVE & OWNERSHIP

This policy governs the provisioning, security, maintenance, and return of all physical and digital hardware assets allocated to employees. All assigned equipment remains the exclusive intellectual and physical property of the company.

2. KEY GUIDELINES & EMPLOYEE DUTY

- **Asset Issuance:** Assets (laptops, monitors, security tokens) are issued upon onboarding following the sign-off of an official Asset Receipt Form.
- **Security & Encryption:** Full-disk encryption must remain active on all devices. Screen lockers must trigger after 5 minutes of inactivity.
- **Software Compliance:** Only software approved and distributed by internal IT may be installed on company hardware.
- **Loss or Theft Incident Reporting:** Stolen or misplaced assets must be reported to IT Security within **2 hours** of discovery to trigger remote device lock down and data wipe protocols.

3. ASSET RETURN MATRIX

Asset Category	Return Timeline	Clearance Requirement
Laptops & Desktops	On or before Last Working Day	Hardware verification and data wiping by IT Helpdesk.
ID Badges & Keys	Final Working Hour	Immediate revocation in facility access system.
Mobiles & Tokens	On or before Last Working Day	Factory reset and peripheral check against inventory log.

> **Non-Compliance Notice:** Failure to return assigned assets upon employment separation may result in withholding of the final clearance settlement and legal recovery procedures.
